Lights-Internally Sound-Mark Jenkins-one of the fans totally burned out, also need to replace one of the dimmers that was tripping things-we can work with the fan as a temporary solution. The Light board half of its brain is gone-while they work on ours they have left a temporary one to use until they see if ours can be fixed or if it is completely worn out and we have to buy another one.

LCD instruments are what a lot of the theatres are going to now in place of the dimmers. The instruments would be the least of the amount of the cost, the expense would be the labor and the wiring.

Vintage Hitchcock: A Live Radio Play- Production- needs & Concessions-Box office is being contacted by Melinda Forsythe and Linda Evans is sending email about the concessions at intermission.

Tech week is this week.

The Lion, the Witch and the Wardrobe-had auditions we had 42 people come out for auditions-we cast 36, we still need help with armor, tomato cages, the first read thru will be on the 19th.
